GIGANTIC GERMAN DRIVE IS ON AMERICANS IN FURY OF BATTLE

SOLDIERS OF AMERICA RECEIVE TERRIFIC ON-SLAUGHT OF THE HUNS WITH CALMNESS AND COURAGE, WAITING AS DID THEIR ANCESTORS AT BUNKER HILL, UNTIL THE ADVANCING HORDES WERE CLOSE UP BEFORE POURING A WITHERING FIRE INTO THE RANKS OF THE ENEMY. INFANTRYMEN AND MACHINE GUNNERS DIED AT THEIR POST OF DUTY.

MONSTER NAVAL GUNS USED BY HUNS TO BOMBARD TOWNS IN REAR OF LINE ENEMY HELD AT IMPORTANT POINTS

AMERICAN SECTOR AND AMERICAN-FRENCH SECTOR RECEIVE FULL SHOCK OF FIRST MIGHTY IMPACT AND INFLICT HEAVY LOSSES ON ENEMY TROOPS. BRAVE LINES STILL DEFY THE SUPREME EFFORTS OF THE INVADERS.

With the American Army on the Marne, 8:40 a. m., July 15.—(Associated Press Cable)—The Germans at daylight today launched a violent attack against the American positions west of Chateau-Thierry, especially near Vaux.

The attack came after a most violent bombardment of explosives and gas shells throughout the night. American troops sought shelter wherever available. When the German infantry appeared the Americans swarmed out and met the attackers with a rain of machine gun bullets.

The Americans are wearing their gas masks as they fight. An enemy bombardment of the towns in the rear of the lines began shortly after six o'clock this morning.

IN THE RHEIMS-ARGONNE DISTRICT

PARIS, JULY 15.—(ASSOCIATED PRESS CABLE)—A NEW OFFENSIVE BY THE GERMANS WAS BEGUN THIS MORNING IN THE REGION BETWEEN RHEIMS AND THE ARGONNE. THE STRUGGLE IS PROCEEDING ON A FRONT OF FIFTY MILES.

SHELLS THROWN 25 MILES

With the American Forces on the Marne, July 15.—(Associated Press Cable)—Heavy shells from the German naval guns were dropped in the regions far behind the actual battle area. Many of these shells have fallen in the city of Meaux, 25 miles from Chateau Thierry (half way between the front and Paris). In many of these towns the German shell fire is constant and shells 10 to 12 inches in diameter are being used.

Reports from American advance positions said the American troops were landing the enemy well in the desperate fighting, which is continuing.

AMERICANS FIRE AT CLOSE RANGE

With the American Army on the Marne, 11:20 a. m., July 15.—(Associated Press Cable)—Word received here shows the enemy also launched an attack east of Rheims, but on the sectors on which Americans and French are fighting side by side the positions are reported intact.

The American machine gunners here let the enemy come close to their positions and then opened a deadly fire into the advancing close formations of Germans.

THE RIVER MARNE IS CROSSED

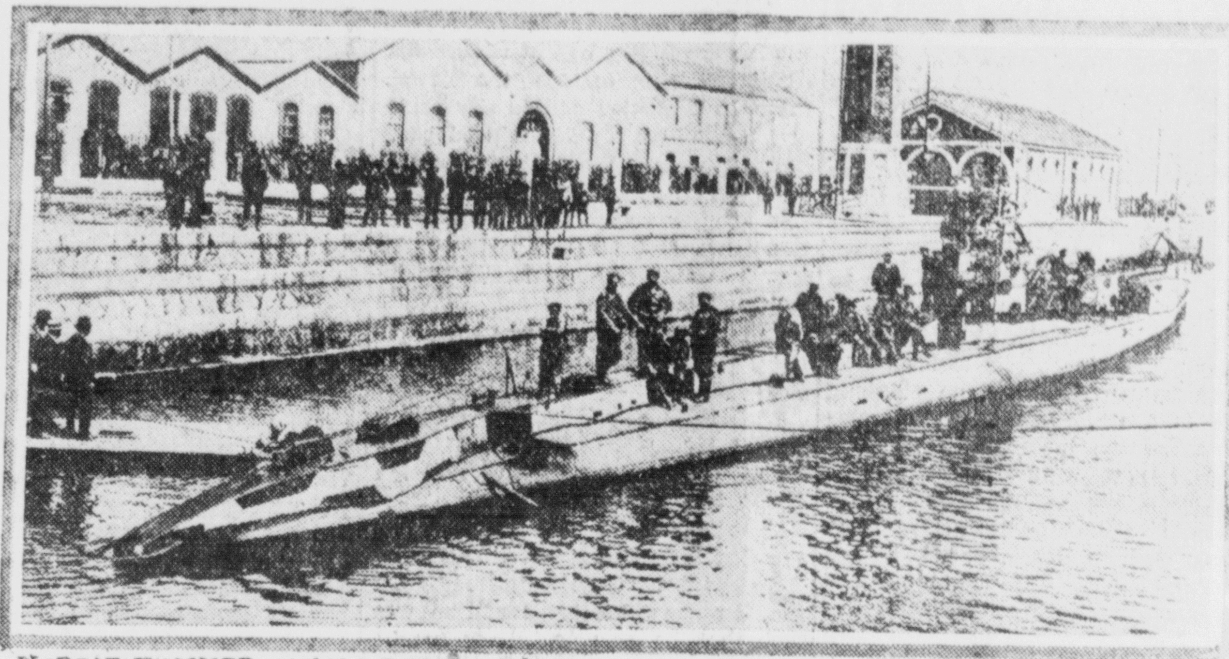

London, July 15.—(Associated Press Cable)—The Germans have crossed the Marne at several places in their offensive begun this morning, according to advices received here.

AMERICANS IN COUNTER ATTACKS

With the American Army on the Marne, July 15.—(Associated Press Cable)—The American forces delivered a counter attack upon the Germans in the Vaux region this morning and drove off the enemy.

It is reported the Americans have advanced their own lines to a depth of several hundred yards. This has not been confirmed.

RAMMED U-BOAT INTERNED IN SPAIN

U-BOAT RAMMED BY U.S. PATROL BOAT.

A German submarine which was rammed and badly damaged by an American patrol boat. The U-boat entered a Spanish harbor, where it is interned for the duration of the war.

HEROIC AMERICAN INFANTRYMEN AND MACHINE GUNNERS FOUGHT AND DIED WHERE THEY STOOD

With the American Army on the Marne, July 15, 11:30 a. m.—(Associated Press Cable)—The operation at Vaux appeared to be a feint for soon after it begun the Germans attacked all along the Marne, where they were gallantly opposed by more of the American troops and the French.

The first crossing was made at the peak of the big river bend. The American machine gunners and infantrymen fought and died where they stood here.

Others of the American troops withdrew strategically as the enemy attacked from east of Chateau Thierry to along the Marne, making additional crossings.

Shortly after eleven o'clock one of the American infantry regiments launched a counter attack in the region of Conde.

It is clear that the German attack in the Vaux region completely broke down under the American counter attack. Further sharp fighting is likely to develop in this area at any time, however.

Reports received here shortly after eleven o'clock on the fighting to the east of Rheims said the enemy up to ten o'clock had been unable to progress.

In the Conde region, however, before the American counter attack the German advance appeared to have eliminated the river salient.

At 11:30 o'clock the long range bombardment was becoming more intense. The day opened sunny but low clouds are now threatening rain.

AMERICANS MAKE ADVANCES CAPTURE MANY PRISONERS

With the American Army on the Marne, 1:40 p. m., July 15.—(Associated Press Cable)—Reports from Vaux this afternoon indicate the Americans had advanced their line in this region in the face of the determined enemy attacks. The advance extended a distance of approximately 700 yards, but the Americans subsequently withdrew to their original line for strategic reasons. Many Germans were taken prisoner in this section.

HUNS BRIDGE MARNE RIVER

(Associated Press Cable)
With the American Army on the Marne, July 15.—In their attack on the Marne front the Germans threw many bridges across the river. Over these the Germans are passing under a withering fire from the artillery.

German progress here is being stayed now by the machine gunners. The Americans and their French comrades have resisted the enemy to the utmost and are continuing this character of resistance.

CHOLERA RAGING

(By Associated Press Cable)
London, July 15.—Several hundred persons are dying daily in Petrograd from cholera, according to travelers who have arrived in Stockholm, says a dispatch from Copenhagen.

LONDON SEES SATISFACTION IN CONDITIONS

(Associated Press Cable.)

Washington, July 15.—The feeling in London on the situation following the German attack in France is that the developments are quite satisfactory.

The immediate objective of the Germans, it is considered probable, is to detach Rheims by attacking on both sides of it and capturing the hills which would protect their right flank on a further advance southward.

HUNS CHOOSE ROAD TO PARIS FOR ATTACKS

By Associated Press Dispatch.

Washington, July 15.—The Germans have selected the road to Paris for renewal of their drive, officers of the army here believed today, judging from reports of the violent movement.

Whether the effort is to be pressed against the French capital, or to pave the way for a later assault north of Amiens on the road to the Channel ports, believed to be the main objective of the whole German plan, was the subject of interested speculation.

The new battle line runs clear around Rheims in its sweep from Chateau Thierry where the first and second American divisions are known to be in line.

INCREASE TAX TO CIRCUMVENT THE PROFITEERS

By Associated Press Dispatch.

Washington, July 15.—Complete information regarding war profiteering was asked by the Treasury today of the House Ways and Means Committee in preparation for drafting the new \$8,000,000,000 revenue bill.

Heavier taxes on war profits will be one of the important features of the new measure.

A MIGHTY DRIVE BY GERMANS LAUNCHED

After Waiting 33 Days Since They Were Halted

Huns Begin New Phase of Mighty Offensive

In Many Respects it is the Heaviest Attack Yet Made

Tremendous Artillery Fire Precedes the Beginning of the Attack

Italian Troops Continue Advance In Albania

By Associated Press Dispatch.

After a waiting of 33 days since they were halted in their plunge toward Compiègne along the west bank of the Oise the Germans at dawn today launched a new phase of their mighty offensive by attacking from Chateau Thierry to Maison-de-Champagne, north of Massignes and far east of Rheims over a front of about 65 miles in length.

Latest reports from the field report the Germans have crossed the Marne at several points.

American troops are engaged in the particular region. They broke up the German drive in the Vaux region west of Chateau Thierry by a dashing counter attack.

Reports show that so far as the length of the line is concerned the present drive is the greatest of the year. At first it was believed from the French war office statement that the line was 50 miles, but the report from Paris told only of the length of the French-held lines under attack. Measurements of the line where the fighting is known to be going on show that it is 65.1 miles long.

Last night the offensive was heralded by a terrible artillery fire from Chateau Thierry to Maison-de-Champagne on the east.

For hours the entente allied lines were under a tempest of the most tremendous character. Not only was the actual battle area under bombardment but towns and cities far behind the lines were made targets.

During the past few weeks it has been rumored the resumption of the German offensive would witness the long range bombardment of places which were heretofore considered at a safe distance. These rumors proved to be true.

This line of which Rheims may be considered the keystone, was chosen for the reason that information might have been received by the Germans that it was less strongly held than along the front nearer Paris.

Thus it might be expected that a greater territory could be overrun at a smaller expense of men and materials than on the lines where the allies are known to be very strong.

"AERIAL FLEET WILL WIN THE WAR"

CAPTAIN DEVIONE

"By 1919 the Entente Allies should have an aerial fleet ten times the size of Germany's. Then the Germans will be beaten." This statement was made by Captain Giuseppe Devione, member of Italian Parliament and Italian Commissioner of Aviation in the United States, who arrived here recently. A recruiting mission for Italian aviators will soon be opened in this country.

The Germans hold the north bank of the Marne for a distance of about 20 miles east of Chateau Thierry.

The only other fighting of moment reported has occurred on the Villers-Bretonneux sector in front of Amiens where the British have advanced their positions.

Italian troops continue to advance in Albania.

Official reports relative to the grand offensive begun this morning show it is the most ambitious stroke since March 21st.

The Germans followed their most recent tactics of beginning an offensive. There was a brief artillery preparation and then came the advance of the assault troops.

There seems however to have been a new feature in this attack. Great naval guns had been brought up behind the lines and towns and cities many miles behind the actual battle area were taken under bombardment.

Americans are engaged for a great distance in the battle at Chateau Thierry and along the Marne. Their positions extend northwest of Chateau Thierry to the village of Corcy on the Oignon river and then eastward along the Marne. General Liggett has about 220,000 men, the first army corps, in this sector.

HAITI DECLARES WAR ON HUNS

Constitutes the 22nd Nation to Go to War Against Germany

(By Associated Press Cable)
Port Au Prince, Haiti, July 15.—The Consul of State acting in accordance with the legislative powers given it under the new Haitian constitution has unanimously voted the declaration of war upon Germany, demanded by the president of the republic.

Haiti is the 22nd nation to declare war on Germany. Several other countries have broken diplomatic relations.

TOO MUCH SPEED AND SEDALIA MAN INSTANTLY KILLED

Marshal Whitmoer of Sedalia Driving Auto Near Selma, Takes Ditch on Curve, And William Peck is Killed—Albert Barker Injured

Too much speed while endeavoring to pass a vehicle and make a sharp turn near Selma, Sunday morning, is said to have been responsible for the instant death of William Peck, laborer, of Sedalia, the serious injury of Albert Barker, of Sedalia and the painful injury of two other men who were in the automobile.

The four men were on their way to the aviation field when the mishap occurred, and the machine in skidding from the road crashed into a telephone pole, killing Peck instantly. Marshal Clark Whitmoer of Sedalia, owner of the machine was hurled through windshield into the engine, falling upon his head and side, with the result that he suffered bad bruising about the head and two ribs were broken. He was otherwise cut and bruised.

The machine was badly wrecked in its crash against the telephone pole and thence into the ditch.

The body of Peck, who was single and 45 years of age, was later removed to Selma, where funeral services will be held Tuesday.

It is understood that Marshal Whitmoer some two weeks ago figured in a smashup as result of a little too much speed.

Albert Barker, seriously injured in the auto smash, was brought to this city by the Kiever Ambulance, and is now at the Fayette Hospital, resting fairly easy. He is not yet out of danger, however.

FORMAL OPENING OF T. B. HOSPITAL

The formal opening of the District Tuberculosis Hospital at Chillicothe will take place Tuesday of this week, when the county commissioners and auditors from this and the other coun-

THE OLD RELIABLE STILL IN THE LEAD

We have fancy white and yellow peaches at 10c per lb. Transparent apples 8c per lb., 2 lbs for 15c. California cantaloupes 15c, 2 for 25c. ties interested will attend the formal opening of the institution, and give it a thorough inspection.

PUBLIC HEALTH BADLY NEGLECTED

Columbus, July 15.—Seventy to 75 percent of the school children of Ohio have remediable physical defects, and except in the larger cities, almost all the public schools are without medical supervision which would improve the conditions of most of these children.

These statements are made in an article in the current number of the Ohio Public Health Journal, official organ of the State Department of Health. Figures collected by the Health and Old Age Insurance Commission are quoted, showing that the rural schools, in which 60,000 children are enrolled, have very little physical supervision and that about half of the city schools have some degree of supervision.

ELKS WILL BUILD COMMUNITY HOUSE

A committee of Elks consisting of John G. Price, of Columbus; Mayor John Galvin, of Cincinnati, and State President of the Ohio Elks Jess W. Smith of this city was appointed at Atlantic City last week for the purpose of taking steps with reference to the building of a community house at Camp Sherman by the Elks of the United States.

The committee of which Mr. Price is the chairman already has interested the Elks' War Relief Committee in the project and Governor John K. Tener, of Pennsylvania, who is chairman of the Elks' Committee which has charge of the disbursement of the Elks' war fund of \$2,000,000, together with Past Grand Exalted Ruler Rightor, of New Orleans, La., left New York last evening for Columbus, where they will join the Ohio committee and proceed to Camp Sherman to look over the ground and pass on the project. Governor Tener is also a Past Grand Exalted Ruler of the Elks.

An additional million dollars was appropriated for war work by the Elks at the Atlantic City Convention last week.

W. M. S. MEETING

The Woman's Missionary Society of the Presbyterian Church will meet on Wednesday at 2:30 p. m., with Mrs. George Sheets. Full attendance is urged.

SECRETARY.

RED CROSS UNIT.

The Red Cross Unit of Cherry Hill will meet at school building, Tuesday afternoon at one o'clock. All ladies of Millwood and Shadyside come prepared for work.

CHAIRMAN.

K. OF P.

ATHLETICS WIN SUNDAY CONTEST AGAINST CLINTONS

Home Players Easy Victors Over Wilmington Home Talent

Reno pitched another one of the kind of games that have made him feared by all teams, allowing only five scattered hits, while the Athletics batted the once mighty Hironimus all over the lot and won their game with the Wilmington Clintons Sunday in hallow fashion. Six to one was the final score.

The Clintons scored their only run in the second inning on consecutive doubles by Davis and Conklin, both hits going to right field. With nobody down, it looked like trouble might be brewing for the locals, but Reno tightened. Hironimus whiffed. Boles grounded to Jones and Morris and Hi Grandle took care of Sears. As the Clintons were helpless at the bat from this time on, nothing more need be said about their efforts with the ash.

With two down in the first, Groover and Hi Grandle singled to center field. But Conklin came to the rescue by grabbing Art Grandle's hot grounder and touching first for the final out.

Two were down in the second when Turner singled through short, but the best Morris could do was to fly out to the right fielder.

In the third, Noon was safe when Sears couldn't get down to his roller. Jones bunted safely, Noon stopping at second. Groover hit to short center filling the baselines. Hi Grandle boomed one to right for a base, Noon and Jones crossing the pan. Groover followed them over while Frey, Sears, Conklin, Hironimus and two or three others were trying to run Grandle down between first and second. Frey finally dropped the ball and Hi was safe at second. A. Grandle popped to Hironimus. Reno one batted to right but Walsh grounded to Suttles and Turner failed to make connections with three strikes.

The Athletics rested in the fourth but tallied once in the fifth without a hit. Groover was safe on Frey's error. Hi Grandle popped to Sears. Art Grandle forced Groover, Sears to Frey and promptly stole second. Reno walked. Walsh struck out but was safe when Boles let the third strike get away. This upset Hi so much that he walked Turner, forcing Grandle across the plate. Morris grounded to the box for the final out.

More again in the sixth. Noon led off with a clean circuit drive to right field, the ball bouncing over the fence. Jones bunted and continued to second when Hironimus threw over the first baseman's head. Suttles captured Groover's foul fly and Sears got Hi Grandle's hoist. Jones stole third as Art Grandle strolled. Reno singled through Frey, scoring Nip. Walsh ended it by rolling gently to the box.

With one down in the seventh, Morris walked and went to third when Noon doubled to the right field fence. In attempting to score on this same play, Morris was run down, Fry to Boles to Suttles to Hironimus. Jones lifted on that Sears managed to grab.

The Athletics went down in order in the eighth, as did the Clinton in the ninth. Reno whiffed Conklin and Hironimus in this frame and got Boles on an easy roller to the box.

Hillsboro will entertain the fans of Washington C. H. at Sunnyside Park next Sunday, July 21st. The lineup of the Highlanders contains the following names familiar to local fans: "Chief" McCall, "Snags" Emery, Fisher, Hunter, Moorehead, Tom White, Homer White and others. As is the case with Washington and Wilmington this year, the Hillsboro lineup contains only local players. But they have a strong team and a hot contest is looked for. It will probably be the last game of season here.

Score of Sunday's fracas:

VETERAN JEWEL FOR ODD FELLOW

A large number of Odd Fellows and their families of this city and community motored to Springfield, Sunday, where they escorted Mr. Wilson Bachert and family to Snyder Park for a huge picnic dinner, after which Mr. Bachert was presented with a handsome Veteran Jewel, the insignia of 25 years' service in the Odd Fellow Lodge, Mr. Bachert being a member of the local lodge of Odd Fellows, and for many years has been one of its most active members.

The big picnic dinner was spread in the main dining hall at the Snyder Park, and in presenting the Jewel, Judge A. C. Patton of this city praised Mr. Bachert for his faithful service in the order. Mr. Bachert responded in a neat speech of appreciation.

The afternoon was spent in the beautiful park, and visiting parts of the city, including the Pythian Home located in Springfield.

RUDOLPH WOLFE AMONG THE GASSED

Letters received from Rudolph Wolfe, by friends in this city, state that he is in a hospital in France recovering from being "gassed."

He was not seriously affected by the gas, it seems, but his condition was such that he was sent back to the hospital to recuperate.

Mr. Wolfe is in the Marines and has a host of friends here who will be pleased to learn that he is recovering rapidly from the effects of the German gas.

VOLUNTEERS ARE WANTED FOR DUTY

The Fayette County Local Board has received notice to accept volunteers in classes one, two, three and four, of men physically qualified for service, and of men in the limited service class.

The call in the state is for: 10 fallers, for duty at Vancouver barracks; 10 band fliers; 24 assistant circular fliers; 38 oilers; 12 resawyers; These men are wanted to volunteer not later than July 20th.

2,500 MEN WILL GO TO COLUMBUS

Twenty-five hundred draftees will go to the Columbus Barracks during the five-day period beginning August 5th, and this number will include several from Fayette county.

Class One men of the 1918 class of registrants will be used to fill the contingent if necessary, it is announced.

FORMER RESIDENT BROUGHT FOR BURIAL

Charles Hafler, a former resident of this city died at his home in New Lexington, Sunday.

Funeral services will be held at his home church in New Lexington Wednesday morning, after which the body will be brought by auto to this city for burial at 10:30 o'clock in St. Colman's cemetery.

NOTICE E. STAR

The annual picnic of the Past Matrons and Past Patrons Association will be held at Cherry Hill, Wednesday evening at 5:30.

All members of Royal Chapter and resident members and families are cordially invited, and bring suppers. In case of rain will be held in the banquet room of the Masonic Temple.

CLARA B. DAVIS, Sec'y.

DIVORCE GRANTED

Luther Jacks, in the Probate Court, has been granted a divorce from Bess Miller Jacks. The parties have been residing at Jeffersonville, although the defendant is formerly of this city.

NOTICE W. R. C.

Women's Relief Corps will hold a social session at the home of Mrs. Paul Hindebrant, E. Temple street, Wednesday afternoon. All members are cordially invited to attend.

Spreader Pays Big Profits

A GOOD spreader more than paid its way when corn was 50c and wheat \$1.00 a bushel. Now it pays big profits. Corn-belt farmers, using Low Cloverleaf spreaders, harvest as much as 32 bushels more of corn off properly manured acres than off those not treated with the spreader. Best of all, no more power or help is required to produce the increase. The spreader actually saves power, labor and time while increasing the yield from every acre on which it is properly used.

Low Cloverleaf Manure Spreader

The Low Cloverleaf is a wide spreading, easy running, light draft, narrow box spreader, made in three handy sizes—small, medium and large. The wide spreading device catches the manure as it comes from the beater, breaks it up into still finer particles, and throws it out beyond the wheel tracks in a wide, even spread. This is the kind of fertilizing recommended by all the authorities.

The entire load is spread in 3 to 5 minutes. The machine runs easily and lasts a long time because the working parts are all securely fastened to a sturdy steel frame which keeps them all in place and in line.

The Low Cloverleaf spreader is backed by International Harvester reputation for quality machines. It does the work as it should be done. This year of all years you should have a good manure spreader and you will profit most by using a Low Cloverleaf. Immediate delivery. Place your order now.

Crumbling

The German military powers—the Potsdam gang—had builded a tremendously imposing looking war machine. It was designed, and has been operated since 1914, for the purpose of creating fear and conducting a campaign of frightfulness. It has made Germany an outlaw among the nations of the earth. For years now the world has been engaged in a war to put down this force of frightfulness and dishonor, deceit and treachery run riot.

To all nations of the world, into every human activity, the tentacles of this poisonous thing reached. The world had no conception of its ramifications until the war was launched. Then as the world began the work of saving itself from ruin, the enormity of the structure became apparent.

It has been a long hard fight to counteract the work of deceit and false statements sown broadcast throughout the world but, gradually, truth and honesty and fair dealing are winning their way, as they must inevitably. Gradually the great formidable looking structure of Kaiserism is beginning to crumble and break to pieces. Everyday, once the disintegrating processes have begun, the progress to deserved and final ruin will be rapid. The painstaking work of the German junkers and war lords through forty long years must go for naught because they have builded their structure on a foundation of shifting sand—the structure cannot stand without a foundation and truth has at last loosened the foundation of dishonesty.

Germany's allies are held by the corrupt use of money, by force or by false statements of fact and, once they know the truth or the money chest runs low, they will break away rapidly and join the nations whose governmental structure is built on the enduring foundation of truth, honor and human impulses, upon the right of nations to live and prosper, free from the shadow of the brutal conquerors bloody sword, the right of individuals to live and obtain their share of the world's goods according to their merit.

Gradually, but at an increasing rate, every day, the world is learning the truth and the edifice of the Kaiser is tottering.

There is a very marked indication of a crumbling of the big war machine as the armies of right multiply and grow on the horizon and the light of truth shines with an ever increasing brightness into the places made dark by the crimes of Kaiserism.

Launching offensives does not change the facts. While temporary successes may meet these ruthless drives, yet the general trend seems inevitable.

Lifting The Mexican Embargo

The United States has kept the faith with Mexico. President Wilson has lifted the embargo on shipments to the republic south of the Rio Grande with a statement of confidence that the supplies, badly needed in Mexico, will not be exported to any foreign nation.

No more effective way to stamp out the vicious German propaganda which has been running riot in Mexico, stirring up hate against the best friend Mexico ever has had, could have been chosen than the lifting of the embargo.

We have taken a chance on doing the fair thing—have trusted in the honor and integrity of Mexico and it seems safe to assume that our trust will be sacredly guarded.

We can't live in friendly relations with Mexico and deal with that nation as though it was an armed enemy. Nations can't be friendly toward us when we constantly give evidence of our distrust. We can't make nations our friends by maintaining an army to make them be friendly.

That's the German idea and we have asserted, over and over again, that the idea was erroneous. Because Germany stands before the world without honor is no reason why we should refuse to believe other nations.

Mexican bandits have caused this nation and this people a great deal of annoyance and expense but the administration at Washington has, it seems, very wisely, refused to allow the acts of a few irresponsibles, enlarged upon by German propagandists, to alienate the governments.

This is a test of our protestations of friendship. We have met it squarely and fairly and we believe the Mexican government will "tote fair."

Poetry For Today

LAMENT OF AJAX.

O, ruthless one—
 I shall not bring to thee
 My iridescent gem;
 O, I shall hide from Vanity
 Beneath her silken hem.
 O, faithless heart—
 I shall not pluck again for you
 At glowing of the morn,
 Queen roses sparkling with the dew,
 To perish by a thorn.
 O, temper, cold—
 Not by the waters shall we stray,
 True lovers by the stream,
 Nor shall we through the woodlands
 play
 Where broken sunrises gleam.
 O, Cynic priest—
 The jewels that love's casket kept
 In arrogance you spurn;
 The rose that on your bosom slept,
 You from its fragrance turn.
 O, Coward soul—
 No more to song your lips shall
 sweep
 Across Avern's aisle.
 O, traitor eyes! Hate's scroll shall
 keep
 The annals of your guile!

Oil Steamer Burns.

New York, July 15.—Four men perished in an explosion and fire which destroyed the Spanish steamship Serantes, of 3,000 gross tons in New York harbor, causing a loss of approximately \$3,000,000. The vessel, loaded with oil, was under lease to the Standard Oil company and scheduled to sail tomorrow for Spain. It now lies a blackened hulk off Bay Ridge.

 Fayette County Food Administration.

FRENCH HOLIDAY WAS OBSERVED BY BAPTISTS

Following the order of President Wilson, Bastille day, the French National Holiday was celebrated at the Baptist Sunday School, Sunday morning, July 14th, in a program provided by superintendent Hicks.

In his address the pastor gave a brief history of the origin and progress of France, their well-known love of liberty and the loyal aid they gave America in her struggle for National Independence. He also paid a just tribute to the noble sacrifice and bravery of the French people in the present great world war.

LAWRENCE GREGG AGAIN PROMOTED

Mr. Lawrence A. Gregg, son of Attorney and Mrs. Nye Gregg, of this city has been promoted to 3rd Assistant Examiner in the patent office at Washington, D. C. having held, for sometime, the position of Fourth Assistant Examiner in the patent office. Mr. Gregg arrived in this city Sunday afternoon to spend his vacation with his parents and friends here.

IMPORTANT NOTICE

TO BUSINESS WOMEN.
 There will be a meeting of special importance of the Young Business Women's Unit this evening at 7:30.

Every member is asked to be present.

PRESIDENT.

Kerensky's Statement.
 Paris, July 15.—Alexander F. Kerensky, former premier of the Russian provisional government, declared to a committee of the French Radical Socialist party that the repeated attempts made by the Russians to shake off the German yoke, not only in Siberia but along the Volga and even north of Moscow, are being carried out according to a plan formulated while he was in Russia. M. Kerensky suggested that all the entente nations should give aid by each sending a small number of troops to Russia.

ALLIES NOW HOLD MURMAN COAST REGION

(Associated Press Cable)
 London, July 15.—American and British troops have occupied the whole of the Murman coast in northern Russia, says a dispatch from Moscow by way of Amsterdam.

APPEAL TO PEOPLE

(By Associated Press Cable)
 London, July 15.—After capturing Kola, a railroad station on the White Sea coast, the dispatch adds, the American and British forces advanced toward Torok, the Russian Bolshevik authorities having withdrawn to Niroki.

The commanders of the Entente allied forces have issued an appeal to the population on the Murman coast requesting help against Germany and Finland.
 It is declared the Murman coast is Russian territory under the protection of the Entente powers.

OCCUPATION IS BY RUSS CONSENT

(By Associated Press Cable)
 London, July 15.—At the request of the Russians considerable allied forces are now on the Murman coast which is on the Arctic Ocean, north of Russia.

On this coast are several harbors which are free from ice all year round and are connected by rail with Petrograd.

More forces are being sent and the local population is co-operating with the troops which have arrived to defend the railways.

Meanwhile the Germans are making a desperate attempt to get control of the Murman coast.

INJURED MAN DEAD

(By Associated Press Dispatch)
 San Antonio, Texas, July 15.—Lieut. Alexander Santos died at the base hospital at Ft. Sam Houston today, from injuries received when he fell in an airplane today.

AVIATOR IS KILLED

(By Associated Press Dispatch)
 Buffalo, July 15.—F. S. Hale, of Quincy, Ill., an aviator, was killed by the fall of an airplane at Curtiss field today.

BROWNING CLUB UNIT

A full attendance of all the members of the Browning Club Unit is desired at the new Red Cross Headquarters, Tuesday morning at 8:30.

THE REICHSTAG HAS ADJOURNED

Pass All Taxation Bills Requested

(Associated Press Cable)
 Amsterdam, July 15.—The Reichstag, according to a dispatch from Berlin, has adjourned until November 5th. One of its last acts Saturday was to pass all taxation bills which the finance minister declared were more extensive and more important than any since the foundation of the empire.

GERMAN PRISONER WAS SHOT RUMOR RANK FALSEHOOD

(By Associated Press Dispatch)
 Chillicothe, O., July 15.—There is absolutely no truth in the report that a German prisoner was shot, Saturday, at the local prison camp.
 The story is in the same class as those of cantonment construction days when numerous murders and acts of violence were reported, and were falsehoods of the first order.

JAPS PROTEST SIBERIA ACTION

(By Associated Press Cable)
 Peking, Saturday, July 13.—The British, French and Japanese ministers to China have strongly protested to General Horvath, the anti-Bolshevik military commander who has formed a temporary war cabinet for Siberia, asking him to withdraw his dictatorship proclamation on the grounds that it is unwise and untimely.

CZECHO-SLOVAK CAPTURE KAZAN

(Associated Press Cable)
 London, July 15.—Czech-Slovak troops have captured the city of Kazan, 430 miles east of Moscow, an Exchange Telegraph dispatch from Copenhagen says, it is reported from Moscow. The city was taken after the Bolsheviks had put up violent resistance.

TAKE 'EM AWAY

(Associated Press Cable)
 London, July 15.—M. Tchitcherine, the Russian foreign minister has addressed a note to Great Britain demanding that the British detachments now on the Murman coast be re-embarked without delay, says a message today from Amsterdam.

CASUALTY LISTS AMERICAN ARMY

(By Associated Press Dispatch)
 Washington, July 15.—The army casualty list today contained sixty names. Fourteen were killed in action; 7 died of wounds and 7 died of disease. Twenty-eight were wounded severely, including the following Ohioans:
 George Pete, of Cincinnati; John Braciak, of Toledo; Marny Lenskiwsky, of Youngstown; C. F. Snyder, of Continental.

SIX ARE KILLED

(By Associated Press Dispatch)
 Huntington, W. Va., July 15.—Six men were killed and 14 injured, some seriously, when a locomotive crashed into three motor cars carrying laborers on the C. & O. railroad today at Lopisa, Ky., near here.

Miss Maude Curran returned Saturday to her home in Pittsburg, after a month's visit with her sister, Mrs. F. H. Schwartz.

Miss Verne Elliott is spending her vacation at her home in Bloomingburg.

Mr. and Mrs. George Moore daughter, Miss Edith Mrs. A. Wood, daughter, Miss Clara were motoring guests of Mr. and Mrs. J. P. Kellough at Urbana, Sunday.

Miss Lucile Resler, of Columbus, Miss, is visiting Miss Lucile Boyer.

Mr. Roy West employed on the Pennsylvania railroad is home from Pittsburg for a few days.

Misses Opal Wood, Circleville, and Thelma Wood, Cincinnati are spending the week near Staunton with their uncle and aunt, Mr. and Mrs. Lou Garrison.

Virginia Bowman, of Newark is visiting her grand parents, Mr. and Mrs. Joseph Bowman.

Miss Mabel Caldwell, of Greenfield was the guest of her cousin, Miss Margaret Mark, Saturday.

James E. Johnston, who has been in training at the Ohio Mechanical Institute, Cincinnati, Ohio for the past two months, was not moved with the contingents that left there Saturday for different camps, but was on of the three men chosen out of 73 carpenters to remain at the Institute as instructors in carpentering.

John Crayton Griffiths was home from Springfield over the weekend.

Mr. and Mrs. John Weade of Good Hope left Monday morning on a two weeks' motoring trip to Waynesboro, Va.

Sergeant Walter Blackmore was up from Camp Sherman spending Sunday with his mother, Mrs. Jess Blackmore.

Mr. and Mrs. Los Wells motored to South Salem Sunday for the day, bringing back their daughter, Miss Ruth, who has been visiting her grandparents, Mr. and Mrs. Homer Harden.

Mrs. Geo. V. Franklin received word this morning that her husband, who is in Y. M. C. A. work, had landed in France.

Miss Forest Allen of Milledgeville left for Washington, D. C., where she has accepted a government position.

Mr. and Mrs. Ray Wilson and two children, Mr. and Mrs. James Palmer, son Robert, motored to Sabina Sunday to attend the birthday dinner of Mrs. Burris.

Miss Oakla Irvin, who has been spending her vacation with her parents Mr. and Mrs. W. L. Irvin on South North street returned to Columbus, Monday morning where she is employed as stenographer at the Diamond Metal Weather Strip Co.

Nell Mark is visiting her grandmother, Mrs. Henry Mark near Staunton.

Mrs. Alice Shultz, of Dayton visited her father, Mr. T. J. Lindsey, Sunday.

Mr. Ned Cleveland is home from Middletown spending a two weeks' vacation with his mother, Mrs. M. L. Cleveland.

Mrs. John Culhan was up from Maple Grove, Monday, spending the day.

Roy Mallow, Howard Fogle, Ralph Cline, Carroll Ford, Fred Simpson were up from Camp Sherman spending Sunday.

Mr. J. C. Mershon and Mr. and Mrs. Ed Mershon, Mr. and Mrs. D. E. Mershon, Miss Laurabell Gosney and Miss Emma Mershon composed a motoring party to Camp Sherman, Sunday on a visit with Ray Mershon now located at the Chillicothe cantonment.

Major and Mrs. Fred G. Patten, of Camp Sherman were Sunday guests of Mrs. Henry Mark, Mrs. Eliza Waddell and Miss Ruth Mark.

Harlow Coffman was up from Camp Sherman spending Sunday with his mother, Mrs. Maud Coffman.

Mrs. Frank Reed and Miss Helen Jones motored to Maple Grove Monday to be guests of Miss Prudence Culhan for the day.

Miss Marguerite Arnold, of Grand Rapids, Mich., is spending a few days the guest of Misses Marie and Grace Gault of North North street.

Mr. Harry M. Turnipseed of Columbus after spending two weeks with his father and brother Jess, camping on Sugar Creek, has returned to his home.

Mrs. Geo. Leveck and daughter, Mrs. Geo. Slusher, Mr. and Mrs. Otto Dunbar all of Jamestown were Sunday visitors with Mr. and Mrs. Orville Leveck.

Clifford Householder was up from Camp Sherman spending Sunday.

Mr. and Mrs. H. C. Conwell, daughter Sarah Madge, Mr. and Mrs. Marling Meyers motored to Hillsboro Sunday. Mrs. Conwell and daughter remained for a visit.

Miss Catherine Snider and Mildred Fleece went to Columbus Saturday evening to visit relatives.

Mr. Herbert B. Maynard, of Waterloo Iowa, is visiting his mother, Mrs. K. C. Maynard on his return from a business trip to Philadelphia and Boston.

Messrs. B. L. Mader and Gaddis Henry were visitors in Greenfield, Sunday.

Miss Louise Buckley is over from Dayton visiting her aunt Mrs. William Fogle.

Mrs. Peet and two sons who have been visiting friends and relatives here returned to their home in Charlestown, W. Va. Sunday.

Miss Ressie West has returned from spending her vacation at Dayton and Springfield.

Messrs. Earl Welter, Herbert Conkel and Raymond Bishop of Springfield were week end guests of friends here.

Friends of Mrs. C. H. Thoroman will be glad to learn that she has improved sufficiently from her recent illness and was able to leave Sunday for the home of her parents, Mr. and Mrs. A. W. Pullis, at Delaware, Ind., for an indefinite stay. Mr. Thoroman and daughter Elizabeth with Mrs. Thoroman will visit for a few days in Cincinnati before going on to Delaware.

Mrs. C. C. Krepps and little daughter Ruth Anne, returned Sunday afternoon from a few days' visit in Columbus at the home of Captain Krepps. They were accompanied home by Virginia Krepps, who will be their guest for the week.

Mr. and Mrs. Fred Mark are announcing the birth of a son, Sunday morning at the Fayette Hospital.

Mrs. O. M. Bayless and daughter, Josephine, of South Salem were Sunday guests of the former's brother Mr. John Durant and family.

Misses Edna and Garnet Williams returned Sunday evening to their home in Dayton after a week's visit with Mr. and Mrs. Will Robinson.

Mr. Thos. L. Collopy left Monday morning for Mt. Vernon for several months' special medical treatment at the Ohio Sanatorium.

Mary Louise Mark is spending the week with her aunt, Mrs. Harold L. Keep, on the Bogus road.

Mrs. Frank Morris and Miss Mable McCoy were called to Jasper Mills last Friday by the serious illness of their mother, Mrs. Ed McCoy. For the present Miss McCoy has been compelled to give up her position in Sauer's Bakery and will remain with her mother.

Captain H. D. Shankle of the Medical Corps of the U. S. Army stationed at Washington, D. C., is visiting Mrs. Shankle and daughter Helen Louise at the home of James M. Hartman.

Mr. and Mrs. L. A. Barger had as their guests Sunday, Mr. and Mrs. Mart Harris, who was Beatrice Rogers, daughter of Mr. and Mrs. E. C. Rogers, formerly of this city, and Miss Portia Harvey.

Howard Manning was down from Columbus spending Sunday with his parents, Mr. and Mrs. William Manning.

Mrs. Senneth Crooks is spending the week with her sister, Mrs. Leslie Walsh in Dayton.

Mrs. Paul Palmer, daughters Misses Helen and Jean and grandson Charles Dick, attended the birthday dinner of Mrs. Palmer's mother, Mrs. Burris, given at the home of Mr. and Mrs. Austin Pavey, in Sabina, Sunday.

Mr. E. H. Reeder and daughter Ludene motored to Dayton Sunday evening taking with them Mrs. S. R. McGuire, who has been visiting her daughter, Mrs. Reeder, for several weeks. Mr. McGuire, who joined her to spend Sunday also accompanied her home. Ludene remained in Dayton with her grandparents for a visit.

Mr. and Mrs. James Hagerty spent the week-end in Kingston, with Mrs. Hagerty's parents. They were accompanied home by her sisters, Misses Rose and Marguerite Manger, the former being suddenly called back to her home in Montgomery, Ala., last night, the latter remaining for a visit here.

Mrs. Clarence Hill, and children, of Springfield, are the guests of Mrs. Hill's parents, Mr. and Mrs. Sam Allen at Milledgeville.

Mrs. Clarence Plumley has returned to her home in Wilmington after spending several weeks with her parents, Mr. and Mrs. W. H. Chamberlain at Milledgeville.

Mr. and Mrs. R. R. Kibbler returned Monday morning from Atlantic City, where Mr. Kibbler attended the Elks' Convention.

FLAGPOLE SOCIAL PLANS PROGRESSING

Arrangements for the big affair to be held on the Sunnyside school grounds, Tuesday evening have far outgrown the original plans.

A number of women who had planned for a social to raise money for another purpose, decided that there could be no higher or more patriotic duty than to safe guard the lives of little children by removing the tottering iron flag pole from their play ground and replacing it by a substantial one so that the little ones may play in safety beneath the protecting folds of the American flag.

They generously offered their partially perfected plans to Sunnyside with the results that the "Flag Pole Social" promises to be patronized by residents of all part of the city and will no doubt be a success.

Every woman in Sunnyside is on the committee to help and to donate a cake if she can, whether the solicitors have been able to reach her or not.

It is every one's school and every one's work.

A committee of men will attend to taking down the old flag pole and they hope to have the new one in place by Tuesday evening.

SOCIAL AT SUNNYSIDE TOMORROW NIGHT

Automobile parties can spend a most delightful evening by driving over to the Sunnyside school grounds tomorrow evening about seven o'clock.

Ice cream, cake, fruit punch, and ice cream cones will be served by charming women and a bevy of beautiful young girls.

Care will be forgotten for a time and all will be happy in the thought that the evening is devoted to the interest of children—our country's third line of defense.

MOTOR TRUCK ROUTE TO BE ESTABLISHED

Washington on Main Route From Columbus to Cincinnati and Two Trucks Will Soon Be In Operation Carrying Parcel Post and Farm Produce

Important Innovation Which Is Expected to Mean Much to City and Community

Chas. S. Myers, motor truck route agent of the government, with headquarters at Washington, D. C., and Geo. Johnson, of the Columbus post office stopped in this city Monday enroute from Columbus to Indianapolis, laying out a motor truck mail route between the two points, and the indications are that in the very near future the carrying of parcel post, with particular attention given to the hauling of country produce from producer to consumer, will be established, this city will be on a truck motor route.

The route from Columbus to Cincinnati will include London, Washington C. H., Leesburg and Hillsboro on the main route, and as the business develops feeders will be established so that the truck route will be a most important one.

It is planned to have one truck each way each day, and these trucks will travel winter and summer, and will be of two ton capacity.

The two men will complete the route sometime this week, and after it is once recommended, it is expected that the trucks will speedily be placed in operation, and in this county the route used will be the Leesburg pike to this city, and the Devalon road and Bloomingburg and Sedalia roads, thence into London. Leesburg also will be on the route, it is understood.

The work of establishing these motor truck mail routes is under way in various parts of the United States where country produce in large quantities may be obtained within 50 miles of the larger cities, and it will be possible for the producer to have customers in Cincinnati and Columbus who may receive shipments within 24 hours, or even

12 hours from the time sent.

The distance from this city to Columbus, via London, is 54 miles, and from this city to Hillsboro it is 26 miles.

The G. R. C. of Sugar Grove will meet at the home of Mrs. Earl Johnson, Thursday, July 18, 2:00 p. m. All members please bring needles and thimbles for Red Cross work.

SHERIFF'S SALE

The State of Ohio, Fayette County, Court of Common Pleas.
W. H. Shober vs. Ella C. Walters et al.

No. 14875.

Notice is hereby given, that on Saturday, the 3rd day of August A. D. 1918, at the hour of 2 o'clock P. M., I will offer for sale at public auction at the door of the Court House, in Washington, Ohio, the following real estate, to-wit:

Situate in the city of Washington, County of Fayette and State of Ohio, to-wit:

"Being Lot Numbered Two Hundred Forty-four (244) in the Second Millwood Sub-division of lands adjoining (now in) the City of Washington, Fayette County, Ohio, and for a more definite description reference is hereby made to the recorded Plat of said Sub-division in the Recorder's Office of said County."

Appraised by Edgar Snyder, John Anders and John N. McFadden.
Appraised at \$850.00 and cannot sell for less than two-thirds of said appraisement.

Said premises to be sold as the property of Ella C. Walters et al to satisfy a judgment in favor of W. H. Shober on an order of sale issued from the Common Pleas Court of Fayette County, Ohio, and to me directed as Sheriff of said County.

TERMS OF SALE: Cash.

Given under my hand this 1st day of July, 1918.

HENRY W. JONES,
Sheriff Fayette County, Ohio.
E. L. Bush, Attorney.

consumer, on the other hand, need have little fear of increased prices during the fall and winter. In fact, a slight reduction in beef prices may be expected by winter, while pork and mutton prices probably will see little change. In the opinion of C. B. Heinemann, secretary of the Exchange.

The splendid response to the government's request for increased production, the phenomenal reduction in losses from preventable diseases, war measures for the producer's protection, improved railroad service, especially to western markets, and the satisfactory condition of most ranges combined to make the outlook unusually promising, according to Mr. Heinemann.

The cattle increase based on exchange reports from 59 markets and covering the first five months of the year, is 12.4 per cent over the corresponding period of 1917. Officials of the organization say that late reports indicate that the increase of 3,871,000 hogs estimated January 1, by the Department of Agriculture, will be far surpassed, and sheep receipts for the first five months increased 397,327 or 6.3 per cent over the same period of 1917. The western lamb increase alone, Mr. Heinemann reckons will be 1,500,000 head over last year.

Establishment of shipping zones which makes a five-day market, long sought by shippers, and eliminates the Monday market "gluts" that formerly caused wide price swings, together with the Bureau of Markets' recent action in taking over the work of handling estimated receipts and prospects, have been big factors in stimulating confidence of the producers, Mr. Heinemann declares. The licensing system, effective July 25, under which packers will operate, also had an encouraging effect upon producers, he says.

Car Overturns; Workers Killed.
San Francisco, July 15.—Seven workers of the Bethlehem Shipbuilding corporation and adjacent industries here were killed and 41 others injured when an interurban car overturned on a curve in the southern part of the city. A shipyard blacksmith who, passengers declare, was running the car, has disappeared.

FRANCE OBSERVES BASTILLE DAY

(American Press)

Paris, July 15.—Heroes distinguished during the war in all the allied armies participated in a monster parade through the streets of Paris yesterday in celebration of July 14—Bastille day. American troops from the First and Second divisions, recently cited in army orders, represented the United States army. One detachment took part in the capture of Cantigny, while others were in the Chateau Thierry fighting. They were showered with flowers by French girls and were received all along the route with the greatest enthusiasm.

The parade was reviewed by President Poincaré, who was accompanied by General John J. Pershing, the commander-in-chief of the United States forces in France. The Americans occupied second place in the column.

All branches of the French army service were represented. The Alpine Chasseurs received an ovation while singing their well-known Alsatian song along the line of march. Historic French regiments with battle flags of the Napoleonic wars as well as of engagements in the present war, including the battles of the Marne, Verdun, the Somme, the Aisne and Champagne, were cheered with "Vive la Poila," while girls threw flowers to them. A battalion of Belgians followed the Americans. Then came British contingents, including the Grenadier Guards, the Black Watch Irish Guards, Canadians and New Zealanders. The Italian representation included Alpine units.

SPLENDID YIELDS AROUND SABINA

Wheat yields in the Sabina neighborhood are exceptionally good, according to reports from that community, and the average is said to be in excess of 25 bushels to the acre, with some fields producing 40 bushels per acre.

Austin Pavey, one of the well known farmers of the Sabina community, had 40 acres that averaged 34½ bu. to the acre, while one 15 acre field averaged within a few pounds of 40 bushels to the acre.

Virtually all of the wheat in the community is reported as of excellent quality.

AMERICAN WOUNDED ARRIVE IN LONDON

(American Press)

London, July 15.—American wounded are now arriving in London in considerable numbers from sections of France where the Americans are brigaded with the British. They reach the various main line stations in British hospital trains, together with the hundreds of British wounded with which the trains are laden. The American soldiers already are receiving the best of care and are being visited by American women members of a committee formed to look after them as soon as the hospital authorities give their permission. Most of the American cases arriving in London are classified as serious. About one-fourth of the men received their wounds while in the fighting line, the remainder being accidents or sick cases. In the latter category are a number of men who have pneumonia or appendicitis.

TAX COLLECTIONS PASS \$90,000 MARK

The total tax collection up to Saturday night reached \$93,676.70 and of this amount \$7,835.29 was received by County Treasurer Duff on Saturday.

It is expected that virtually every day from now until the books are closed on July 30th will be busy days at the treasurer's office, and those who dislike to stand in line and wait must get busy before the final days of the tax collection are at hand.

WINS DIVORCE

MRS. F. M. BUCHANAN

Testimony of an incident at a prominent mid-Gotham hotel, given in the New York Supreme Court, won for Mrs. Elaine M. Buchanan a decree of absolute divorce from Donald I. Buchanan, dramatist and scenario writer. Mrs. Buchanan accepted \$2,000 in lieu of counsel fee and alimony.

MUST TAKE OVER TOBACCO INDUSTRY

(American Press)

Washington, July 15.—Government control of the tobacco industry of the United States may result from the heavy requirements of the allies and the American military forces abroad. Rationing of the American population is believed to be a possibility.

The war industries board announced that it has been conducting an investigation to determine the requirements abroad and the amount that must be conserved in this country to meet the situation. It estimates that approximately two-thirds of the leaf tobacco raised in this country in 1917 will be available for American manufacturers. Out of this must come cigarette and pipe tobacco for troops not yet overseas and exports of manufactured tobacco, in addition to cigarettes and tobacco purchased here for Belgium.

The crop in 1917 was 1,196,000,000 pounds, and of this the board estimates that 850,000,000 will be available this year for United States manufacturers, while 346,000,000 pounds of leaf will be available for export to the allies.

Tobacco issued to the military forces of England, France and Italy amounts to approximately 150,000,000 pounds a year, the board said. England and France each allot 40 per cent of their entire consumption to the army and navy, while Italy allows her military forces 45 per cent. The total yearly consumption of the entire population of these countries the board estimates at 237,000,000 pounds, or 41,000,000 more than the country is able to export.

LIEUT. SMITH IS GIVEN ASSIGNMENT

Second Lieutenant Forest Smith, son of Mr. and Mrs. A. L. Smith, of near Yatesville, and former Top Sergeant of M Company, is now with Company E, 311th Infantry "somewhere in France."

Lieutenant Smith, as Top Sergeant of M Company, saw service on the Mexican border, and upon his return home suffered blood poisoning in his right hand which left him with a stiff finger. He has made good in every position held and was highly popular with the men under him.

Five uncontrolled forest fires are consuming large areas of pine and fir timber in the Klamath national forest and in the Onion valley, Plumas county, California, the United States forestry service announced.

Private country clubs are prohibited from using fuel of any kind, with the exception of wood and peat for heating or cooking during the period from Dec. 1, 1918, to April 1, 1919, by an order issued by the fuel administration.

OHIO COAL SUPPLY EXCEEDS LAST YEAR BY 5,000,000 TONS

(American Press)

Columbus, July 15.—Ohio's coal output in 1917 exceeded any previous year by 5,392,500 tons. Long-neglected mines in many counties were reopened and are operating at maximum capacity.

Reports to George F. Miles, head of the investigation and statistics department of the state industrial commission, showed a production of 41,677,885 tons last year, 20 per cent more than in 1916. The number of mines operating last year was 1295, compared with only 853 in 1916.

Twenty-six of the 30 mining counties increased their output. Elve—Gallia, Perry, Scioto, Vinton and Washington—more than doubled their tonnage. Loss of production was reported for Guernsey, Monroe, Summit and Wayne. Belmont, the leading coal-producing county in the state, reported 11,156,626 tons; Athens, 6,313,619; Jefferson, 5,742,240; and Guernsey, 4,024,265 tons. Perry and Hocking counties reported more than 2,000,000 tons each. Tuscarawas, Meigs, Harrison and Jackson all exceeded a 1,000,000-ton production.

MRS. THOMAS HAYS DIES SUDDENLY

Sudden death claimed Mrs. Thomas Hays, of Springfield, at three o'clock Sunday morning, while Mrs. Hays was at the home of Mrs. Tiss Taylor, in Jeffersonville.

Mrs. Hays had been spending a few days with Mrs. Taylor, coming down for the funeral of a relative. She was aged about 60 years and formerly resided in this county, where she has many relatives.

The deceased was a sister of Mr. W. S. Draper, of Jeffersonville.

WILSON RECEIVES WIRE CONTROL BILL

(American Press)

Washington, July 15.—The senate, after passing the telegraph regulation, agreed to suspend important business and take a series of three-day recesses until Aug. 24 beginning today. A similar program was adopted by the house. Only a few members will remain to attend the perfunctory sessions twice each week.

The resolution granting President Wilson's request for authority to take over and operate telegraph, telephone, cable and radio lines was signed today by the presiding officers of the senate and house and transmitted to the president.

The resolution passed the house July 5 with only five negative votes. It was adopted by the senate 46 to 16, the 16 being cast by Republicans.

In arranging for the midsummer vacation a formal unanimous consent agreement was entered into by the senate to defer until Aug. 25 further consideration of the \$11,000,000 emergency food production bill containing the amendment for the bone dry wartime prohibition, effective New Year's day.

Drafting of the revenue measure was commenced today by the house ways and means committee behind closed doors with a view to its presentation to the house immediately after the three-day recess period ends, and during the vacation period senate military subcommittees also will proceed with their army inquiries, while conferees on a few measures in conference, including the oil land leasing bill, will meet.

IRISH VOTERS ARE GREATLY INCREASED

(Associated Press Correspondence)

Dublin, July 8.—The number of persons entitled to vote in Ireland will be increased nearly 150 percent under the new franchise law giving everyone who has lived in Ireland six months the right to vote. The franchise is extended to women over thirty years old who are the wives of electors.

The city of Dublin has had up to now about 40,000 voters. In future it will have 100,000.

The effect on Irish politics generally is expected to be to increase the

voting strength of the Sinn Fein party, since the larger part of the additional voters will be young men, and the young men are mostly Sinn Feiners.

Their suspicions as to the intentions of the government with regard to conscription very nearly kept thousands of them off the new voters lists, for when the forms were sent out requiring information as to age and residence they saw in it a plot of the government to facilitate their enrollment as conscripts. Their leaders however promptly allayed their fears and issued orders encouraging them to secure the franchise.

WORLD'S TRADE AFTER THE WAR

(American Press)

London, July 15.—An economic association of 24 nations, comprising the entire allies, already is in existence, declared Lord Robert Cecil, British undersecretary of state for foreign affairs and minister of blockade, in a comprehensive statement regarding the world's trade after the war.

Whether Germany eventually shall be admitted to this economic association, declared the British minister, will be determined by the test established by President Wilson when the president said on Dec. 4 that if the German people should still, after the war was over, "continue to be obliged to live under ambitious and intriguing masters interested to disturb the peace of the world," it might be impossible to admit them to the partnership of the nations or to free economic intercourse.

Lord Robert described this statement by the president as a definition of the qualifications for membership in the association of nations and added: "To these declarations we give our warmest assent."

Germany is the one obstacle to this economic association of nations, said Lord Robert—the Germany described by President Wilson—a Germany living under ambitious and intriguing masters. "Germany's economic policy toward all the groupings of peoples

from the Arctic ocean to the Black sea," he continued, "is absolutely contrary to our principles. Economic independence and free choice are the last things which Germany will ever allow to the peoples within her reach."

"So long as this is the policy of Germany how can we admit her to membership in the free association of nations to which we already belong?" asked Lord Robert. "Before we can offer her any participation in our resources we must release her victims from the economic slavery that she is imposing upon them."

With regard to the economic principles of this association of nations, Lord Robert said President Wilson had, on Jan. 8, "stated them in memorable words when he advocated the removal so far as possible of all economic barriers and the establishment of an equality of trade among the nations consenting to peace and associating themselves for its maintenance."

After giving "warmest assent" to these declarations of the president, Lord Robert added: "But do these declarations necessarily mean that we the association of nations—are to have no protective tariffs in international competition in trade after the war? No. Everyone is agreed to that. It was out of the program of the interallied labor conference, 'the right of each nation to the defense of its own economic interests and to the conservation of a sufficiency of foodstuffs and materials can not be denied.'"

RECIPES IN USE BY MISS GRAVER

Following are some of the muffin recipes used by Miss Graver, of the O. S. U. who recently gave a demonstration in cooking and food conservation at the Chautauqua in this city.

Rolls Oats and Corn Flour.
1 1/2 c. corn flour; 1 c. ground rolled oats; 6 t. baking powder; 1 t. salt; 2 c. liquid; 1 T. melted fat.

Mix ingredients in order given.
Rolls Oats and Rice Flour.
1 1/2 c. ground oats; 3/4 c. rice flour; 1 t. salt; 4 t. baking powder; 2 T. sirup; 1 c. milk; 1 T. melted fat; 1 egg.

Mix dry ingredients. Add milk to beaten egg. Combine liquid with dry materials, beat thoroughly. Add sirup and melted fat.

Buckwheat.
1 1/2 c. buckwheat flour; 2 t. baking powder; 1 t. salt; 1 c. milk; 1 t. melted fat.

Mix ingredients in order given.
Rolls Oats.
1 2/3 c. ground rolled oats; 1 t. salt; 4 t. baking powder; 2 T. sirup; 1 c. milk; 1 egg; 1 T. melted fat.

Mix dry ingredients. Add milk to beaten egg. Combine mixtures add sirup and melted fat.

SOLDIERS' LETTERS

Mr. Carey Mann, of Washington, R. D. 5, recently received a letter from his son Wester, of M Company, in France, in which he writes in part: "No one is ever sad in our company even in battle. We are happy for we have no fear at all. But when we first came we thought a little about danger, but have been in and around the lines for sometime and don't pay any attention to the flying machine shops. We watch this much—when we hear one of those Boche guns belch we know how to listen and if the sound is bad, we kiss the earth, or if we are near a dug-out we plunge into it like rats."

If we are out on a hill or in a field with a detail of 20 to 30 men and the Boche observation balloon is up in the air, we seek cover so he can't get his glasses on us and telephone back to the Boche artillery and in about 20 minutes send over some four inch shrapnel. In such cases we throw away tools or whatever we are working with and beat it."

"I was out with 15 men in a working party recently, and we got out in the open a little too much, so that the Boche threw eight shells near us, the last one falling fifteen yards from me, but luckily it was a high explosive shell. Chunks of dirt as big as a gallon bucket fell beside me, but none of us got hurt. But I have had some mighty close calls, but have been lucky."

"You spoke of seeing in the paper where we went over the top and didn't see a German. No we didn't see any except some dead ones in dugouts blown up. But you were saying that we weren't in much danger when we didn't see any—you don't know how it is done. They withdrew and placed machine guns in front of us and on the flanks and the trenches being in the woods when we got there, we got down behind a big beech tree and began firing at a German machine gun post so that when I began to fire the Boches opened harder than ever, trimming the twigs off beside me so that I crawled in to a shell hole and remained there until our machine guns got beside us and opened up on the Germans and they quit entirely. Our artillery fire killed many of the Dutch far behind the lines. I am giving you just an idea of how we fight."

Well it is dark and I must close and light a candle. We must have the shutters closed or an airplane will drop a potato masher on our light if it shows.

WESTER"

2,000 BARRELS IN FORTY-EIGHT HOURS

Thad McLean, president of The Thad McLean Oil Company, operating in Texas, was the guest of friends in this city, Sunday, and while here announced that the new well recently brought in flowed 2,000 barrels of oil the first two days, or at the rate of 1,000 barrels daily.

Mr. McLean leaves for Texas within a few days in the interest of the company.

May Call Off Camp Plans.
Washington July 15.—The plan for an aviation concentration camp at the state fair grounds, Columbus, may fall through. There have been some developments which put a new face on the proposal. An official of the aeronautical bureau said it looked as if Camp Dix at Dallas, Tex., would be continued as a concentration camp for aviators.
